

SHI HealthTrust Contract

SHI delivers high-quality products and services through HealthTrust's GPO

HealthTrust Contract Number HPG-81016

The benefits of procuring with SHI and HealthTrust

Through the SHI and HealthTrust contract, HealthTrust member organizations have access to SHI's entire product catalog of IT solutions and services including hardware, software, cloud, cybersecurity, and accessories. The focus of this agreement is to strengthen healthcare provider performance and clinical excellence while enabling greater levels of total spend management, advisory support, operator experience, and innovation.

As one of the world's largest IT solutions providers, SHI offers information technology products and services to more than half the nation's acute care providers, including a growing network of healthcare organizations.

Transform

Create business resiliency through hybrid infrastructure, cloud, automations, and software-defined solutions.

Collaborate

Provide the best experiences for end users with devices, collaboration, and modern desktop solutions.

Protect

Tailor cybersecurity programs and solutions to an evolving threat landscape.

Optimize

Improve cash flow and process efficiencies with procurement, lifecycle management, and financing solutions.

SHI in healthcare

With over three decades of IT expertise, SHI is no stranger to healthcare. Today, we provide technology solutions to a wide range of healthcare providers, including health insurers, public and private hospitals, academic medical centers, public health departments, and federal medical facilities.

SHI healthcare is part of the largest MWBE in the U.S.

Founded by Thai Lee in 1989, SHI is recognized as the largest Minority and Woman-Owned Business Enterprise (MWBE) in the United States. Additionally, our status as a diverse supplier exemplifies our commitment to supporting Diversity, Equity, and Inclusion (DEI) across the organization.

Hospitals and health systems

Ambulatory surgery centers

Physician practices

Long-term care and alternative care sites
