

AI Accelerator

Imagine. Experiment. Adopt.

AI has the ability to benefit every organization. However, understanding how and where to effectively leverage this technology can be challenging. That's why we are here to help accelerate your journey to AI adoption and support you at every step along the way.

Leverage an AI team with a proven track record. SHI has already achieved measurable ROI, saving users an average of **3.5 hours/week**.

Generative AI Accelerator Services

AI Use Case Workshop

Uncover generative AI use cases for your organization, gain a deep understanding of your top priorities, and design and deploy a proof of concept to validate your solution. See fast results with minimal infrastructure requirements.

AI Use Case Factory

Work with our AI engineers and data scientists to develop a structured process, empowering your organization to identify, prioritize, and maximize value from AI investments.

AI Literacy and Adoption Services

SHI delivers a tailored AI literacy survey, analyzes the results, and creates a customized action plan to drive organization-wide AI adoption, aligned with your business needs.

AI Engineering and Development

Rapidly deploy secure, cutting-edge generative AI solutions in any cloud with our iterative development, deployment, knowledge transfer, and support. SHI provides vendor-neutral solutions from all major generative AI providers.

Key benefits

- Cut through the AI hype and identify specific applications that solve your actual business problems.
- Prioritize use cases with the highest return and lowest technical complexity to enable early success.
- Build solutions that deliver quantifiable ROI to secure executive buy-in and continued funding.
- Develop a framework for capturing use cases and measuring ROI, paving a clear path forward for success.
- Drive AI literacy and organization-wide adoption, reducing dependency on external consultants for future initiatives.

**WITHOUT PROPER EXPERTISE,
ESTIMATES PLACE THE
FAILURE RATE OF AI PROJECTS
AS HIGH AS **80%**.**
